

Hi there!

This is a short questionnaire to help us collect all the technical details needed for your video. It gathers the key information in one place so we can organize production in the best way possible. Just type your answers in the fields on the right :)

Who is the video for?

Briefly describe the company - what does it do?

Type of video?

Branding, commercial, presentation, etc.

Reference video?

A video you like and would like to use as a reference for your own

Deadline?

Video duration?

If you don't have the exact length, approximate timing is fine

Cutdown versions needed?

If you need extra versions of the main video (shorter or longer), please list how many and their durations. If not, you can skip this.

Technical specs?

Screen resolution, frame rate, file format. If there are any unusual requirements (e.g. for large screens), let us know

Brand identity?

If available - brand book, color palette, fonts, logos

Voiceover?

Do you need a voiceover?

Subtitles?

Do you need subtitles?

Key info to include in the video?

This could be text, facts, numbers, or anything else important to highlight
